

STAMPS FOR SALE

The number of rubber and self inking stamps offered for sale by the Association has recently expanded. This has created a lot of confusion on the part of purchasers when filling out merchandise forms. The general principle with custom made stamps is that they are non refundable, so it essentially is a case of "buyer beware". This guide should help to alleviate some of the confusion before purchase.

Firstly a rubber stamp requires the JP to purchase a stamp pad. A self inking stamp has an ink pad inserted in the stamp mechanism. This ink pad can be re-inked or reordered if it runs out. The standard ink colour used on all of our stamps is black. You must indicate in your order if want any other colour.

QJA19R and QJA19S are custom made stamps that come in rubber (QJA19R) or self inking (QJA19S) format. These can be ordered in wording that will fit on the standard size. If you require wording that will only fit on a bigger stamp or a different shaped stamp, you must contact the State Office for a quote before purchase.

QJA28 and QJA29 are certified copy stamps that are used exclusively on Enduring Power of Attorney or Advanced Health Directive Documents. These have slightly different wording because of the requirements of the *Powers of Attorney Act 1998* (Section 45). The first stamp is used on every page other than the last page and the second stamp is used on the last page only. These stamps come in self inking format only.

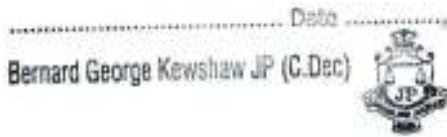

This is to certify that this is a true and complete copy of the corresponding page of the original document, which I have sighted.

All stamp orders must be submitted on the merchandise order form, and the section specifying how you want your name set out must be filled out. No orders will be taken over the phone and refunds will not be given if the stamp order is completed as per the merchandise form filled out.

QJA06S is a self inking mechanism only. You are required to remove the rubber of your self supplied seal of office from its wooden block with a Stanley knife. The rubber is then attached to double sided tape on the bottom of the mechanism, so that you will now have a self inking seal of office. **By law we**

are unable to sell a replacement seal of office. This can only be purchased from the Dept of Justice and Attorney General.
